

SAHARA SAM'S OASIS INDOOR WATER PARK

MOUNT KILIMANJARO

- Go to new heights! At 45 feet above ground, this winding family raft ride churns it up with white water rapids and the open sea.
- Groups of 4 people ride aboard circular rafts, allowing friends and family to share their ride experience.
- Twin entry loading allows incredible ride capacities of 1200 (or more!) riders per hour.
- The wide flume profile, and frequent back to back curves create an exciting oscillating ride experience with “hang time” on the high bank walls
- Mount Kilimanjaro is 390 feet in length, providing exhilarating twists and turns along the way.
- Go for a ride outside: Mount Kilimanjaro’s massive tubes snake along Sahara Sam’s exterior façade and reemerge inside the building, creating a colorful visual for passing motorists on Route 73.
