

## SAHARA SAM'S OASIS INDOOR WATER PARK

### SNAKE EYES

- Snake Eyes are two eight-foot wide slide barrels that twist and turn as you roar toward a splash landing at the finish line.
- The ride holds 1 person per tube – perfect for a race against a friend.
- Snake Eyes can also accommodate a 2 person raft so families can share the experience together.
- Riders travel through back-to-back serpentine curves, in open and enclosed sections with water curtains, before safely exiting into the splash pool.
- The enclosed flumes create a dark riding experience which increases thrill.
- Back-to-back compounded curves ensure a comfortable ride at a high speed.
